

PRODUCT	APPLICATION	WRITTEN DESCRIPTION	AREAS OF USE
---------	-------------	---------------------	--------------

**MULTI-PURPOSE
Cleaner & Degreaser**

When mopping add one (1) packet before filling mop bucket with hot water.

Place one (1) packet inside bottle and fill with warm to hot water. Do NOT place trigger sprayer inside bottle until packet completely dissolves.

This product is made with natural and sustainable plant bi-products.

- 1: Kitchen and Dining Room Floors
- 2: Cleaning coffee pots/tea urns and removing stains
- 3: Cleaning awnings and exterior sinks
- 4: Inside spray bottle for heavy duty equipment degreasing: Salt bag station, fryer doors and sides, inside fryers as a boil out, menu boards, OCB's, and CRT monitors

**NIE
Liquid Detergent Emulsifier**

This product is used for cleaning and sanitizing in 3-Compartment sink.

DEMA dispenser is attached to the 3-Compartment sink. This product mixes automatically with water.

This product is made with natural and sustainable plant bi-products.

- 1: Primary use: pot and pan detergent. Used to wash blue trays, all food service items washed in 3-Compartment sink. Do NOT fill above "Fill Line" sticker.

SINK SANITIZER + Plus

Final product used in cleaning and sanitizing in 3-Compartment sink.

DEMA dispenser is attached to 3-Compartment sink. This product mixes automatically with water. Sink Sanitizer Plus is stable in hot or cold water. Replace sanitizer in sink ONLY once per shift or when testing strips read lower than 200ppm. Proper levels can read 200 to 400 ppm.

- 1: Primary use: to sanitize food utensils, blue trays, table tops, food preparation stations, seating, door knobs and towel sanitizing buckets under griddles.

**LAZER
Concentrated Degreaser**

Heavy Duty Degreaser

Fill a trashcan to fill line with LAZER from the dispenser. Make sure you are using hot water. Place 4 trays inside for 10 minutes. Grease will float to the top. Remove trays and wipe with cloth. Rinse and sanitize. Empty soiled water into mop sink. Rinse mop sink with water.

- 1: Broaster Oil Caddy, fryers, and 2-sided grills.

**NO RINSE CLEANER
Food Contact Sanitizer**

Beverage equipment and drain cleaner sanitizer

Dispensed with 1/4 ounce pump. When used as a cleaner sanitizer add one (1) pump to every one (1) gallon of water.

- 1: Shake machines and all dairy dispensing equipment, delimes rethermalization units, delimes inside of R2D2 unit, and ice bins.

**CASTLE CLEANER
Food Service Cleanser**

Creme` Cleanser

Ready to use quart: Only apply a quarter sized amount to towel prior to cleaning. When cleaning, stainless use a damp cleaning cloth, rinsing cloth, and drying cloth. Before cleaning stainless apply paste over entire surface before you begin cleaning.

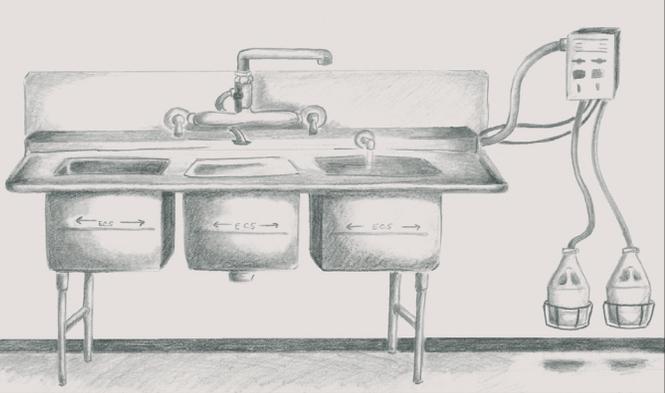

- 1: Cleans stainless steel and removes minor scratches, removes hard water deposits from restroom floors, removes rust stains on dining room floors, mild abrasive that removes gum and adhesives.

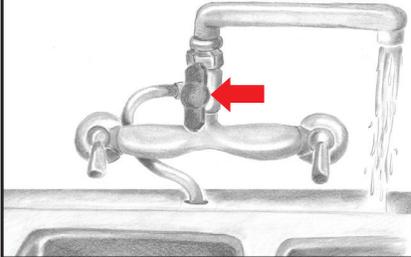

For detailed cleaning steps and application procedures, refer to the cleaning manual.

In case of injury, call the 24-Hour Info Track: Emergency telephone number at 1-800-535-5053
